

TRICKY PHISHING TEMPLATES

October Edition!

THE “VANISHING MESSAGES” THREAT

From: Google

Subject: Your Secure Messages will be Deleted

Are you relaxed
about losing
something forever??

**Act now if you wish to view,
or save them**

Secure messages are those sent internally; marked as *Confidential*. The sender can set the expiry date, and the (3) messages sent to you will be deleted shortly.

THE “NEWBIE NEEDS HELP” NUDGE

From: Katie Merchand
Subject: Important - Pls Read

We rely on someone letting us know when it's important... which can be abused...

Hi, Nice to e-meet you :)

I've been brought in to oversee process refinements in your department, and have a document I would like you to look at.

We will as a department be looking at these issues in greater detail, so for now please just familiarize yourself with it and let me know if you've any questions. Thanks!
