

# TRICKY PHISHING TEMPLATES

September Edition!

Wizer

# Dropbox Deception

**From: Dropbox**

**Subject: Account Suspended**

Would you let a suspension slide??

## Account Suspended

We noticed suspicious activity on your account, so we have suspended it, and marked it for deletion.

**Have we made a mistake?**

[Restore your account](#)

# Okta Overhaul

**From: Okta**

**Subject: Please Update Today**

If something says  
'today', are you more  
likely to act??

## Renew your password

It is now a requirement to change your password more frequently. To prevent loss of access to your services, please update your password as soon as possible.

[Change now](#)

# Amazon Ambush

**From: Amazon**  
**Subject: Unknown Login**

---

You'll never recognise a fake email's 'login', and that's the point!

## New device login

**When:** Today at 09:12am

**Device:** Android (Model Unknown)

If it was you, ignore this message. If you don't recognise it, please secure your account below.

[Secure Account](#)

# TeamViewer Trickery

**From: Teamviewer**

**Subject: Your Update Session has Started**

---

## Service Desk is waiting for you

**Appointment:** Today during working hours

Please follow the instructions at the link below to  
join your service desk session with Peter H

**Join or Reschedule**

Ignore... and live with  
uncertainty of its  
return... Or click,  
and face it??

# AI Allure

**From: Apple Intelligence**

**Subject: Early Access to the hottest AI!**

Could you conquer your FOMO and ignore this??

## Early Access has been shared!

Hotly anticipated and a sure game changer; Apple Intelligence is set to revolutionize what it means to have powerful features working for you. Someone has shared early access, grab it quickly to avoid missing out!
